## Speaker:

### **PAM DUFFY, PE**

**OWNER, SPARK ONE SOLUTIONS, LLC**

Pam Duffy, P.E. is the owner of Spark One Solutions based in Dallas, TX. She has a mechanical engineering degree from the University of Central Florida. Pam has over 10 years of experience in the HVAC industry with roles in mechanical design, application support, technical training, product development, and product marketing. In 2017, Pam was named a Distinguished Lecturer for ASHRAE and travels the globe for speaking events. She is a Life Member of the Society of Women Engineers (SWE) and in was selected as one of Consulting-Specifying Engineer's 40 under 40. Outside of work Pam enjoys working with her Australian Shepherd, Dixie, on training, tricks, and dog sports.

## Presentation Summary

In the Spring of 2020, the world came to a screeching halt when the rapid spread of an infectious disease forced millions of people to shelter in place. Adapting to a new way of work – without the amenities of an office, in-person interactions, or business travel – proved to be a challenge for nearly everyone. In this presentation, attendees will learn about easy-to-implement tips and tricks to boost productivity. Plus, learn best practices for staying focused in any kind of workplace: in the office, working from home, or on the road.
